sanjay17@gmail.com | Bengaluru, Karnataka | 9099044017

Career Objective

To develop intelligent systems for Weather Prediction using machine learning techniques and contribute to data-driven decision making.

Education

B.E in Intelligent Systems

KS Institute of Technology (2021–2025) | CGPA: 7.8

Technical Skills

Python, Machine Learning, Data Analysis, Pandas, NumPy, SQL

Projects

Weather Prediction – Developed a machine learning model to forecast weather conditions using historical climate data and regression algorithms.

Strengths & Soft Skills

Analytical thinking, problem-solving, teamwork, adaptability

Certifications

Intelligent Systems Certification, Machine Learning Basics

Internships

Data Science Intern – Worked on predictive analytics and real-time datasets

Declaration

I hereby declare that the above-mentioned details are true to the best of my knowledge.
