pooja785@gmail.com | Hassan | 9578392615

Career Objective

To develop Stock Prediction models using deep learning techniques.

Education

B.E in Artificial Intelligence

Dayananda Sagar College of Engineering (2021–2025) | CGPA: 8.5

Technical Skills

Python, LSTM, TensorFlow

Projects

Stock Price Prediction – Built LSTM model for time-series prediction.

Certifications

Deep Learning Specialization

Internships

Frontend Developer Intern

Declaration

I hereby declare that the above-mentioned details are true to the best of my knowledge.
